The Miguel Muñoz Collection, Part 4

Introduction

Superior Stamp & Coin Co., Inc. is most proud to present this, the fourth part of the Miguel Munoz Collection of the coins of Mexico. This fourth sale represents the last part of the Miguel Munoz coin collection.

Larry and Miguel proudly display catalogues of the previous three Miguel Munoz Auctions.

Rare coins can be owned and admired by a single collector . . . or can be shared with the world through exhibits, lectures and research. Those numismatists that enrich the hobby by sharing their enthusiasm and knowledge are truly what coin collecting is all about.

Miguel L. Munoz is just such a person. Miguel was born over 70 years ago in San Julian Jalisco, Mexico. His lifetime of devotion to the coins of Mexico can be traced back to 40 Centavos coins that a young Miguel received in change for candy purchased from an old woman. The little boy noticed that on one coin the eagle was skinny; on another, the national bird of Mexico was fat. He then examined all of the different dates on the 40 Centavos coins. Thus, a coin collector was born. To this day. . . over half a century later. . . the distinguished hobbyist and scholar, Miguel L. Munoz, still has some of those original Centavos in a very special place.

Miguel L. Munoz has contributed generously to the knowledge of others through frequent lectures, articles and books which have become "standards" in his field of specialization. He has been the featured speaker at several ANA conventions (Houston and Washington), the New York Metropolitan Show (twice), several times at the

de Mexico). "Historia Numismatica del Estado de Mexico" (1975 Government of the State of Mexico), "El Real de Ocho, Primera Moneda Universal" (Formento Cultural Banamex) and "Tlacos y Pilones la Monedo de Pueblo de Mexico" (Formento Cultural Banamex), reflects 12 years of research. His most recently published work is "Anthology of Mexican Numismatics" published bilingually in Spanish and English.

Even a brief listing of his numismatic activities is truly impressive. Memberships include: the American Numismatic Association, Fellow of the American Numismatic Society, former President (1959-1966) of the Sociedad Numismatica de Mexico, Founder and Present Director of the Academia Mexicana de Estudios Numismaticos, Fellow of the Royal Numismatic Society (London), plus TAMS, OIN, Azteca and many others.

Miguel L. Munoz is also one of the most active authors in the distinguished Numismatic Literary Guild, with over 50 articles to his credit. He has won the Heath Literary Award presented annually by the ANA, an amazing five times.

Miguel L. Munoz, the "Dean of Mexican Numismaticists," has prepared "The First Mint of Mexican Insurgents" (1968, Sociedad Numismatica

As we look back at the previous three sales, starting with June, 1978, we are most proud of the results and the satisfaction expressed to us by the successful buyers who were fortunate enough to acquire many of the coins originally owned by Miguel.

Knowing Miguel and having the opportunity to assist him in the disposition of his coins over the last four years has been a delight and made all involved closer friends. We at Superior are proud of our "South of the Border Friend and Numismatist" . . . MIGUEL L. MUNOZ.

Terms of Sale

1. This is an unrestricted auction and mail bid sale conducted by Superior Galleries (**Superior**).

2. All material shall be sold to the highest bidder. If any dispute arises during or immediately after the sale of a lot, the Auctioneer shall have the right to recall the lot and put it up for sale again. In all cases Auctioneer's decision shall be final. For the bidder's protection, **no "unlimited" or "buy" bids will be accepted.**

3. Auction sales are strictly cash in U.S. funds payable through a bank in the United States. **Lots must be paid for promptly.** No credit card purchases will be accepted. Bids cannot be accepted from those persons under eighteen (18) years of age without a parent's written consent who acknowledges the terms and conditions of sale herein.

4. By bidding in this sale, bidder personally guarantees payment; and if a corporation is bidder, the officers and/or principals of the corporation agree to personally guarantee payment.

5. Floor bidders and mail bidders who have not established credit with **Superior** must furnish satisfactory credit references or deposit twenty-five percent (25%) of their total bids for that session(s) before such bids can be accepted. Deposits submitted will be applied to purchases and any unused portion of such deposit will be promptly refunded.

6. Bids must be for an entire lot. No lot will be broken up. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise.

7. This is not an approval sale. Bidders are expected to keep and promptly pay for all lots for which they are the highest bidder as determined by Auctioneer. Floor bidders are encouraged to carefully examine all lots in which they are interested in purchasing since **no lot purchased by floor buyer may be returned, including those lots where the bidder is acting as agent for another, or to mail bidders who have examined the lot.** In no event may any lot be returned after thirty (30) days from the date of sale. Questions regarding the minting of a coin as a proof or as a business strike relate to the method of manufacture and not to authenticity. If a lot is to be returned it must be housed in its original, completely intact, sealed holder. Late remittance constitutes just cause for revocation of all return privileges for any reason.

8. All items offered in this catalogue are guaranteed to be genuine. Claims to the contrary must be made in writing within three (3) days after receipt of material. No lot may be returned without prior written consent.

9. Auctioneer reserves the right to open the lot at a reasonable price and to withdraw any lot.

10. When identical bids are received by Auctioneer for a lot, preference is given to the first bid received. A mail bid will take precedence over an identical floor bid; a floor bidder must bid higher than the highest mail bid to be awarded any lot. Auctioneer reserves the right to refuse any bids at his sole discretion.

11. Auctioneer cannot be responsible for errors in bidding. Please make certain that you bid on the correct lot and that your bid is the maximum that you are willing and able to pay.

12. Successful mail bidders will be awarded the lot at a nominal advance over the next highest mail or floor bid. Postage, insurance and sales tax, if required by law to be collected, will be added to the invoice for any lot(s) that is invoiced to successful bidders.

13. All lots delivered in the State of California are subject to local sales tax. When it is applicable, the final bid will be subject to local sales tax. Individuals purchasing lots for resale must submit an exemption certificate signed by the purchaser or his agent and recognized by the State of California, with their current resale certificate or number, or be subject to the local tax.

14. Title to any lot remains with **consignor** until the lot is paid for in full. **Superior** reserves the right to require payment in full before delivering any lot to the successful bidder. It is the buyer's responsibility and obligation to have the lots fully insured while in his/her possession. Risk of loss is on the buyer.

15. In the event a bidder fails to make remittance promptly, Auctioneer reserves the right to resell the merchandise and bidder agrees to pay for the reasonable cost of such a sale and also to pay any difference between the resale price and the previously successful bid.

16. If the invoice for the auction is not paid for in full when due, the unpaid balance will bear interest at the highest rate permitted by law until it is paid. If the matter is referred to an attorney for collection, bidder agrees to pay all attorney fees, court costs and other collection costs incurred by **Superior.** The courts of Los Angeles County, California shall have exclusive jurisdiction and venue over any suit initiated by **Superior** to collect past due invoices and that the service of process by certified/registered mail, return receipt requested, shall be sufficient to confer "in personam" jurisdiction over bidder.

17. All photographs in this catalogue are of the actual coins or currency being sold.

18. Auctioneer reserves the right to postpone the sale by auction of the property for a reasonable period of time as the result of any act of war, natural calamity or significant relevant event which, in the judgement of Auctioneer, reasonably exercised, make it inadvisable to hold the auction as scheduled.

19. Our ultimate liability for any item is the price paid.

20. **Bidding in this sale constitutes acceptance by the bidder of all the foregoing terms and conditions of sale.**

Grading is an art and not a science. The grades herein represent our opinion based on our experience. Therefore, it is possible that two people will not always grade the same item alike. Also, as market conditions change, grading standards change, and may continue to do so in the future. Your examination of the item(s) should be the criterion and not the grade represented by another. In any purchase or sale, the value of the item(s) is determined by the price.

Instructions for New Mail Bidders

If you have never used our mail bid system, here is an explanation. The procedure is quite simple. On the enclosed Mail Bid Form there is space provided for the lot number and the amount you are willing to bid. After carefully reading the description of the lot you wish to bid on, write down the lot number and the maximum amount you are willing to pay. For example, let us assume you are interested in bidding on Lot 1 and the maximum amount you are willing to bid is $2000.00, your bid sheet should be as shown on the right.

Bid Sheet

LOT	BID	LOT	BID	LOT	BID	LOT	BID
1	2000.00						
109	600.00						
1741	1000.00						

The bid which you enter is the "maximum amount" or top price that you are willing to pay for a lot (unless you have checked one of the percentage increase boxes). However, there is always the possibility that you may obtain the lot for less. As indicated in our "**Terms of Sale**," we act as your agent and execute your bids as if you were at the auction in person. We will buy the lot for you as inexpensively as possibly over the next highest bid. For example, if your bid for Lot 109 is $600.00 and the next highest bid is only $500.00, the lot would be awarded to you for $525.00, or a nominal 5-10% increase over the next highest bid.

Before entering your bids, please read carefully our "**Terms of Sale.**" Bidding by mail permits you to participate in the auction as though you were there in person. Many rarities are obtained through the medium of auctions and it can be a very exciting as well as rewarding method of obtaining wonderful items for your collection. We look forward to your participation in our sales.

Thank you

SPAIN

The early history of Spain can be divided into four numismatic groups — that of the Iberian Celts and those of the three later immigrant groups, the Greeks, the Phoenicians and Carthaginian peoples and finally the Romans. The earliest coins, about 400 B.C., were those of Greek colonists in trading posts along the Mediterranean coast. Gradually, economically and politically, the Carthaginians took control of the majority of the south and east of Spain. With the defeat of Hannibal in the Second Punic War, Spain became a Roman province in 206 B.C. and the new Roman colonies started to issue a local coinage with Latin legends. The Celtic Iberian tribes in the interior issued their own silver coinage with Iberian legends until 133 B.C. when provincial reforms standardized the coinage under Roman control. During the Roman civil war of the First Century B.C., local issues were again struck but the great majority ceased by the reign of Augustus, when, in 19 B.C. the whole of Spain finally came under Roman control.

NUMIDIA AND MAURETANIA

Mauretania, the land of the Moors, covers the area of Africa south of the Spanish coast now known as Morocco and was important for its fertile corn fields and woodlands. It first appears in history at the time of the Jugurthine War (110-106 B.C.) when it was under the government of Bacchus after Jugurtha's defeat, Bacchus was given part of his kingdom of Numidia. By the time of Julius Caesar, the kingdom had split into two, but both Kings, one of them another Bacchus, supported Caesar and their kingdoms were enlarged. Numidia had supported Pompey, Juba I having been insulted by Julius Caesar personally when he pulled his beard during a heated argument in Rome. On the defeat of Pompey's North Africa forces, Juba committed suicide. Juba's son, Juba II, was taken to Rome to appear in Caesar's triumph but at sometime seems to have gotten back part of his kingdom. In 25 B.C. Augustus gave him Mauretania but annexed Numidia as a province of the empire. As a further consolation he was given Cleopatra Selene as wife. Cleopatra, the daughter of Mark Antony and Cleopatra of Egypt, bore him a son, Ptolemy. This King, the last of the Ptolemaic line of Egypt, was arrested and executed on a state visit to Rome in A.D. 40 by Caligula. As the terrified monarch asked the reason for his arrest and his country's annexation Caligula is said to have told him that they needed his money. From then until A.D. 429 when the vandals occupied it, Mauretania remained a fertile and economically important province of Rome.
